## Listening, learning, innovating

As a mom, you'll want what's best for your baby from day one. Then it's good to know there is expert advice on hand to help take care of you and your baby.

With 30 years of clinical experience in baby feeding, Philips AVENT has been designing and manufacturing products to meet your needs. Products that are inspired by nature and have been developed through extensive research and clinical trials and, even more importantly by listening to moms like you.

Our products will help to support the choices you make, whether breastfeeding, bottle feeding or combining the two. Then, as your baby grows, the range's interchangeable design features mean the products can be adapted to meet your baby's developing needs. We are here to help you to give your baby the best start in life.

Take a look at our website

## Happy baby, happy mom

Breast milk is, without doubt, best for your baby's start in life. It provides natural protection against infection and helps your baby's ongoing health and development.

Our range of breast pumps and breastcare accessories are designed to help you in your breastfeeding journey, making it easier and as comfortable as possible to give your baby all the goodness of your breast milk.

“ It's so comfy, I get more milk out than before. ”

### Comfort manual breast pump

Our most comfortable manual breast pump yet for easier milk flow and more milk naturally.\*

- Unique more comfortable expressing position
- Soft massage cushion with warm feel for gentle stimulation
- Includes Natural bottle (125ml/4oz) and nipple to easily combine breast and bottle feeding
- Compatible across our range of feeding products
- Comes with all you need to express, store and feed your breast milk

SCF330/20

### Comfort single electric breast pump

Our most comfortable electric breast pump yet for easy expressing at the touch of a button.

- Features a gentle stimulation mode and three expression settings
- Unique more comfortable expressing position
- Soft massage cushion with warm feel for gentle stimulation
- Includes Natural bottle (125ml/4oz) and nipple to easily combine breast and bottle feeding
- Compatible across our range of feeding products
- Easy to use on the go with batteries
- Comes with all you need to express, store and feed your breast milk

SCF332/01

### Comfort double electric breast pump

Our most comfortable double electric breast pump yet for easy expressing from both breasts at once – A perfect time saver for moms and simultaneous pumping at both breasts may even boost your ability to produce breast milk.\*\*

- Double pumping for more milk in less time
- Features a gentle stimulation mode and three expression settings
- Unique more comfortable expressing position
- Soft massage cushion with warm feel for gentle stimulation
- Includes 2 Natural bottles (125ml/4oz) and 2 nipples to easily combine breast and bottle feeding
- Compatible across our range of feeding products
- Comes with all you need to express, store and feed your breast milk
- Includes a handy travel bag

SCF334/02

### Large massage cushion

This soft massage cushion has a wider funnel, specially designed for moms with larger than average nipples to ensure the right fit for comfortable expressing. Can be used with all Comfort breast pumps.

SCF167/01

## More comfort for mom, more milk for baby\*

When you're comfortable and relaxed, your milk flows easily. That is why together with moms and baby feeding experts, we have created our most comfortable breast pump yet. Now you can sit comfortably when expressing, with no need to lean forward, while our soft massage cushion gently stimulates your milk flow.

\* More comfort: 82% of 64 UK breastfeeding mothers agreed that this breast pump was more comfortable than their current pump (main market brands).  
 More milk naturally: Independent research has shown that there is a link between stress levels and milk production: see [www.philips.com/AVENT](http://www.philips.com/AVENT).

## Comfort is all in the details

Unlike with other pumps, you can now sit in a natural relaxed position when expressing

Soft, flexible cushion, feels extra comfortable on the breast

Compact design, easy to hold and position on your breast

## Storage and feeding

### 180ml/6oz breast milk storage bags

Ultimate protection for your breast milk. Wide opening for easy filling and pouring.

SCF603/25

Tamper evident seal for complete hygiene

Reinforced seams and dual layer bag

Secure, leak proof double zip

## Milk storage cups

Contains:

- 10 pre-sterilized milk storage cups (180ml/6oz)
- 10 milk storage lids
- 2 milk storage cup adaptors

Please see page 29 for other items in the range.

SCF612/10

## Milk storage feeding system

A versatile, space saving storage system designed to grow with your baby. It allows you to use the same cup to express, store and feed breast milk to your baby. Fits all Philips AVENT breast pumps and nipples. Ideal for use in refrigerator or freezer.

Contains:

- 5 pre-sterilized milk storage cups (240ml/8oz)
- 5 milk storage lids
- 1 milk storage cup adaptor
- 1 dome cap
- 1 extra soft newborn nipple
- 1 screw ring

SCF610/05

## Breastcare accessories

All women are different and everyone experiences breastfeeding in a different way. Philips AVENT provides a range of accessories to help you with some problems you may face along the way.

### 2-in-1 thermopads

Soothe tender breasts with these comforting thermal pads, making breastfeeding easier for you and your baby. Includes soft sleeves for greater comfort on skin.

Contains: 2 thermopads and 2 soft sleeves.

SCF258/02

## Disposable breast pads – day

Ultra thin with a contoured shape designed to be invisible under clothes and with an adhesive strip to keep the pads in place.

Ultra dry using multi layers for super absorbency with unique moisture channels and a one-way barrier which traps moisture inside the pad.

Super soft feel with a silky soft topsheet and breathable, natural materials. Dermatologically tested.

Individually wrapped for extra hygiene.

SCF254/30 30 pads

SCF254/60 60 pads

## Disposable breast pads – night

Overnight protection with a wider shape for extra protection when lying down. All-round leakage barrier with thicker core to keep you dry for longer.

Ultra dry using multi layers for super absorbency with unique moisture channels and a one-way barrier which traps moisture inside the pad.

Super soft feel with a silky soft topsheet and breathable, natural materials. Dermatologically tested.

Individually wrapped for extra hygiene.

SCF253/20 20 pads

## Washable breast pads

Philips AVENT washable breast pads have a brushed cotton lining which is soft and gentle and feature an absorbent layer which draws moisture away from the skin behind a leakproof liner.

An attractive lace outer layer gives a feminine appearance and prevents slippage. Machine washable and dryable.

Contains: 6 pads and laundry bag.

SCF155/06

## Breastcare accessories

### Moisturizing nipple cream (30ml)

Moisturizes and softens dry or sensitive nipples. Apply once or twice a day during pregnancy to help prepare skin for breastfeeding and after the birth between feeds or as required to help maintain healthy supple skin. No need to remove prior to breastfeeding.

Contains Medilan™, an ultra pure grade of lanolin which penetrates the skin's outer layers to improve moisture levels and ensure suppleness. Also contains coconut oil and aloe vera, both natural ingredients, to hydrate the skin and soften nipples.

No added coloring, preservative or perfume.

SCF504/30

## Breastcare accessories

### Breast shell set

These ultrasoft breast shells are worn inside your bra to protect your nipples from chafing and to collect leaking breast milk.

Ventilated shells – protect sore or cracked nipples to help them heal more quickly. Their gentle pressure helps relieve engorgement. The holes allow air to circulate.

Breast milk collection shells (no holes) – collect excess breast milk when feeding or using a breast pump.

Contains:

- 2 ventilated shells
- 2 breast milk collection shells
- 2 ultrasoft silicone backing cushions

SCF157/02

### Breastcare essentials set

Get ready for breastfeeding with this breastcare essentials set which includes all you need for the first days of breastfeeding in an easy-to-carry pouch.

Contains:

- 12 day pads
- 6 night pads
- 2 thermopads
- 1 moisturizing nipple cream (15ml)
- 1 bra clip
- 1 hygienic pouch

SCF257/00

SCF257/01 without moisturizing nipple cream

### Nipple protectors

Made of ultra-fine, soft, odorless, taste-free silicone, they protect sore or cracked nipples during breastfeeding. They are butterfly shaped to allow your baby more contact with your breast. Your baby can still feel and smell your skin and continue to stimulate your milk supply whilst suckling, and will return easily to the breast once your nipples are healed.

Available in two sizes, small and standard.

Contains: 2 nipple protectors

Note: nipple protectors are only designed for use when you have sore or cracked nipples and should be used with health professional advice.

SCF156/00 nipple protectors small

SCF156/01 nipple protectors standard

### Breastfeeding support set

Ideal set for moms who wish to start expressing milk. Includes all the products needed to pump, store and feed your breast milk and to take care of your breasts.

Contains:

- 1 Comfort single electric breast pump
- 1 Natural feeding bottle (260ml)
- 10 pre-sterilized milk storage cups (180ml/6oz) and lids
- 12 day pads
- 6 night pads
- 2 nipple protectors
- 1 moisturizing nipple cream (15ml)
- 1 luxury washable pouch
- 1 ribbon bra clip
- 2 milk storage cup adaptors and newborn nipple pack

SCD292/00

### Niplette™

A simple solution for flat or inverted nipples.

The unique and revolutionary Niplette™ provides a long lasting solution. In a matter of weeks of continued use the nipple will stay erect.

SCF152/01 Niplette™ single pack

SCF152/02 Niplette™ twin pack

# Bottle feeding

## Bottle feeding your baby

The Natural bottle is our most innovative and advanced bottle, helping to make bottle feeding more natural for your baby and you. The bottle with breast shaped nipple is perfect for moms who plan on breastfeeding, as baby can now easily combine breast and bottle feeding. Your baby can benefit from your breast milk no matter if you are around or not.

Our Classic bottle has been trusted by mothers since 1984, when it was the first bottle to have an anti-colic system, so your baby can settle more easily after a feed. It continues to be the preferred choice of many moms.

Nothing beats breastfeeding but if you decide to bottle feed, Philips AVENT draws almost 30 years of clinical experience in baby feeding to offer the solution that best meets your needs.

“ My baby seemed very content with the breast-shaped nipple. He latched on and accepted it right away, which makes it easy for my baby to switch between breast and bottle. ”

## The natural way to bottle feed

Our new Natural bottle makes it easier to combine breast and bottle feeding. With a breast shaped nipple for natural latch on similar to the breast, unique comfort petals for softness and flexibility, and an innovative anti-colic system, it's our most natural bottle yet.

### It's all in the details

Natural latch on, easier for your baby to combine breast and bottle feeding

Unique comfort petals, increase softness and flexibility without nipple collapse

Advanced anti-colic valve, reduces colic and discomfort

SCF651/27	SCF652/27	SCF653/27	SCF654/27	SCF655/27

“ I started using Philips AVENT bottles as they are of high quality and the Classic bottles offer great value for money – They are easy to clean and maintain, and our boy doesn't have any problem with ingesting air while feeding. He is happy, and I am happy! ”

## Less fussing, less colic

Our Classic bottle has been trusted by mothers since 1984, and continues to be the preferred choice of many moms. Designed for an enjoyable and easy feeding experience, it is clinically proven to reduce colic and discomfort.\*

\* At 2 weeks of age babies fed with a Philips AVENT bottle showed a trend to less colic than babies fed with a conventional bottle. At 2 weeks of age babies fed with a Philips AVENT bottle showed a trend to less fussing than babies fed with another leading bottle.

## It's all in the details

As your baby feeds, the unique valve on the teat flexes to allow air into the bottle instead of your baby's tummy

Wide bottle neck makes filling and cleaning easy

Comfortable shape, easy to hold even for baby's tiny hands

## Our Classic bottle range

### Adaptor ring for Classic bottle

For use with the Philips AVENT Classic feeding bottle as part of the two piece anti-colic system.

Contains: 3 rings

SCF200/00

## On the go accessories

### Thermabag

The Philips AVENT thermabag holds 2 Philips AVENT bottles, 2 toddler drinking cups or 4 storage cups. Its double insulation layer keeps milk cold or water hot for up to four hours. Lightweight, compact and convenient for travel with an adjustable shoulder strap.

SCD150/11 Mixed  
SCD150/50 Red  
SCD150/60 Black

### Drying rack

Flexible design to organize your drying, fits a full day of baby's feeding products.

- Holds 8 bottles, breast pump and pacifiers. Fitting all sizes of bottles (up to 11 oz/330 ml)
- Hygienic drying
- Detachable drip tray for easy disposal of excess water

SCF149/00

Bottles not included

### Milk powder dispenser

This handy little unit carries 3 pre-measured portions of milk powder in separate compartments. When you're ready to feed, just open the spout and pour the powder into the bottle of pre-boiled cooled water as normal. Infant formula manufacturers recommend that fresh feeds be made up when needed, so there's no chance of the milk going off while you're out and about. Remove inner section to use as a bowl or container.

SCF135/06

### Sealing discs

Convert all Philips AVENT Natural and Classic bottles to milk storage containers, making it easier to transport bottles filled with milk.

Contains: 6 discs

SCF143/06

# Baby feeding sets

## Helping moms get started

Any of our special collections will give the new family something they definitely need and want.

We understand that it is not always easy to know exactly which products you will need. Our product sets have been designed to make your life easier by including what you need all together in one box. By choosing one of our great value product sets you can also be confident that everything included will integrate with the full Philips AVENT product range.

The 'It's a girl! / It's a boy!' gift set is the ideal gift to give to new moms and their precious newborns. The gift set comes with a Philips AVENT Classic bottle and a freeflow pacifier, to give baby the best start in life.

Contains:

- Freeflow pacifier 0-6m, with extra flow holes in the shield for your baby's delicate skin
- 9oz Philips AVENT Classic bottle
- 1m+, 2 hole slow flow nipple

SCD683/18 Pink  
 SCD683/19 Blue

## Royal gift set

Our bottles and pacifiers are made in Glemsford, UK.

Contains:

- 1 Philips AVENT feeding bottle (260ml/9oz) with extra soft slow flow nipples
- 2 Classic pacifiers

SCD683/31

# Preparing for feeding

## Sterilizing and feeding made simple

At Philips AVENT, we understand that feeding a baby may be one of the most meaningful things you do as a parent. Therefore we offer a range of products to help you prepare healthy meals for your baby from sterilization to food.

“ Finally a sterilizer that is great for both bottle feeding and breastfeeding moms! When I was only breastfeeding I used the smaller size for sterilizing pacifiers. Now that I’m also expressing I use the larger size option to sterilize the breast pump and a few bottles. ”

## Good hygiene, good health

Sterilizing is all about protecting your baby from harmful bacteria until his immune system is strong enough. Research has shown that it can take your baby up to a year to develop the same kind of immune system as adults. All Philips AVENT Sterilizers use the hospital method of steam sterilization, which is quick, easy and efficient, with no chemicals involved.

### It's all in the details

Large capacity – holds up to six bottles but four Natural bottles fit

Effective sterilization – contents stay sterile for up to 24 hours if the lid is unopened

Adjustable size saves kitchen space

## Steam sterilizers

### 4-in-1 electric steam sterilizer

The easiest way to sterilize. With its adjustable size, the Philips AVENT 4-in-1 electric steam sterilizer takes up the least amount of kitchen space yet perfectly fits the items you want to sterilize whether it's a few small items or a full load. Includes advanced display with progress and cool-down indication to keep you informed, and integrated dishwasher basket to keep contents together in the dishwasher and to transfer easily to the sterilizer.

SCF286, SCF287

### 3-in-1 electric steam sterilizer

The easiest way to sterilize. With its adjustable size, the Philips AVENT 3-in-1 electric steam sterilizer takes up the least amount of kitchen space yet perfectly fits the items you want to sterilize whether it's a few small items or a full load.

SCF284, SCF285, SCF288

### Microwave steam sterilizer

The Philips AVENT microwave sterilizer's compact design makes it ideal for travel. It sterilizes your Philips AVENT bottles in as little as 2 minutes\*. Contents remain sterile for up to 24 hours if lid is unopened.

Sterilization times:  
 \*2 mins for 1100-1850W microwaves  
 4 mins for 850-1000W microwaves  
 6 mins for 600-800W microwaves

SCF281, SCF282 content may vary  
 Dimensions: 166 (H), 280 (W), 280 (L) mm

All our sterilizers are made from BPA-free materials.

## On the go accessories

### Antibacterial wipes

The Philips AVENT antibacterial wipes are specially developed to clean your baby feeding accessories effectively and safely without water and soap.

The neutral taste and scent formulation kills harmful bacteria and dries quickly. This way the pacifier, nipple or other baby product can safely go back into your baby's mouth.

Packs contain 36 wipes.

SCF295/36

### Microwave steam sterilizing bags

The Philips AVENT microwave steam sterilizing bags are the perfect solution for easy and fast sterilization anywhere, anytime! Simply fill the bag with washed, disassembled bottle and breast pump parts, add 60ml of water and they will be ready to use in 90 seconds\*. You can safely handle the hot bag by holding the "safe zone" in the upper right corner. The back of the product includes clear instruction pictograms and a handy tick-box so you know how often you have used the bag. Each bag can be used up to 20 times. 5 bags within 1 retail pack.

\*At a microwave wattage of >1100 W

SCF297/05 bottle not included

### Philips AVENT thermal bottle warmer

Warm bottles anywhere with the Philips AVENT thermal bottle warmer.

The Philips AVENT thermal bottle warmer can easily warm up your bottles without any electricity. Just fill up the flask with boiled water, it will keep it hot for hours. Whenever necessary, simply put a bottle in the beaker, fill the beaker with hot water and close it with the protective lid. 6oz of milk at room temperature will be warm in just 2.5 minutes.

A clever warming up reference guide indicates how long a bottle should stay in the water. This reference guide is printed onto the beaker itself so the information is always available when needed.

Ideal on the go as well at home for your night feeds!

The flask has enough capacity to warm multiple feeds.

SCF256/00 bottle not included

## Bottle warmer

**New!**

### Bottle warmer

Gentle and even warming to keep the nutrients and vitamins of your milk at the best quality. A 125 ml/4 oz bottle of breast milk is warmed in just 3 minutes\*. Also includes a convenient defrost setting for milk or baby food.

SCF355/00, SCF355/02 content may vary, bottle not included

\* In the case ≤ 150 ml/5 oz of milk at a temperature of 20°C/70°F in a Philips AVENT Classic/Natural bottle of 260 ml/9 oz.

### Electric bottle and baby food warmer

The fast, safe way to warm expressed milk and baby food, the electric bottle and baby food warmer warms 125ml/4oz milk at room temperature in around 4 minutes.

SCF255/54 content may vary, bottle not included

### Digital bottle and baby food warmer

The digital bottle and baby food warmer makes it easy to warm baby's feeds quickly and safely.

- Automatically calculates the warming time. Just select a few starting options and let the digital bottle warmer do the rest!
- Easy to use digital display with audible signal keeps you informed throughout the warming cycle
- Ultra fast – warms 125ml/4oz milk at room temperature in under 2 minutes
- Shuts off automatically, so no risk of overheating
- Ideal for milk and baby food from the refrigerator, freezer or at room temperature

SCF260/34 content may vary, bottle not included

NOTE: Philips AVENT does not recommend heating baby milk in a microwave as uneven heating may cause burns and some vitamins may be destroyed.

# Toddler feeding

## Nutritious meals made easy and fun

Introducing your baby to a variety of fresh foods at an early age sets the stage for a lifetime of healthy habits. Since steaming helps preserve the nutrients and natural flavours of fruits, vegetables and meats, it is one of the best ways to prepare nutritious meals for your child.

The progression from infant to toddler is an exciting time for mom and baby, but mealtimes can become a challenging experience as babies can lose interest in their food very quickly. By working closely with leading child psychologist and nutritionist Dr Gillian Harris, we have developed a complete range of bowls, plates, cups and cutlery aimed to help engage your little ones at mealtimes with fun and educational story-telling designs.

## Tasty meals, healthy babies

Introducing your baby to a variety of fresh foods from an early age sets the stage for a lifetime of healthy habits. Philips AVENT offers you a range of food preparation solutions, including the unique combined steamer and blender, the convenient miniblender and feeding set, and the versatile food storage system.

### Combined steamer and blender

The new Philips AVENT combined steamer and blender is ideal for preparing healthy, homemade baby meals: first steam fruit, vegetables, fish or meat and then simply lift and flip the jar over to blend it, with no transfer of food required.

- Contains:
- Combined steamer and blender
  - Measuring cup
  - Spatula
  - Recipe booklet

SCF870/22

### Miniblender and feeding set

The Philips AVENT miniblender lets you easily create healthy, homemade food the way your baby prefers.

At home or on the go, your baby enjoys fresh food that you prepared. Use the stackable cups for storage in the refrigerator or freezer or warm the food in the cup with the Philips AVENT bottle and baby food warmer.

- Contains:
- Miniblender
  - 6 storage cups and lids (240ml/8oz)
  - Recipe booklet

SCF860/22

### Food storage cups

To store, transport and feed baby food. Feed straight from the cup. Ideal for use in refrigerator or freezer.

- Contains:
- 20 pre-sterilized storage cups (10x 180ml/6oz, 10x 240ml/8oz)
  - 20 lids
  - 1 weaning spoon
  - Recipe booklet

SCF720/10

### It's all in the details

Simply steam, flip, blend and serve for perfect baby meals

Measure and pour water into tank to steam your fresh ingredients

Adjust liquid and times to achieve the ideal thickness and texture for your baby's developmental stage

Bendable handle and tip for baby to learn to self-feed easily. Perfect for little hands and gentle on baby's gums. Dishwasher safe.

SCF722/00

### Weaning tip

Fiona Hunter  
Nutrition advisor

It's so important that your baby feeds well, both when they are young and also when they're older and making the transition to solids. Follow these handy tips and you won't go far wrong:

- First foods introduced should have a bland taste and a thin, smooth consistency (just slightly thicker than milk)
- Start by offering small amounts, about one to two teaspoons of food, part way through the milk feed
- Introduce one new food at a time and continue with this for two or three days so that you can monitor any reaction
- Do not try to introduce new foods if your baby is tired, over-hungry or teething
- Never add salt or sugar to foods for babies, even if the food tastes bland to you it will be fine for your baby

### It's all in the details

# Toddler drinking

## Independent drinking made easier

As your child grows, learning to drink independently is a skill which they need to develop. Here at Philips AVENT, we listen to moms and we learn from health care professionals. Together, we have a range of innovative products to help you and your little one develop and transit whenever they are ready to. Whether they're just starting out or they're confident at drinking, you'll find the perfect cup for your child.

“ Grown up cup was developed in cooperation with Professor Hunt (orthodontist in the UK); according to him, this is: the ideal transition cup for growing toddlers. ”

12m+

### 12m+ 260ml/9oz grown up cup

Available in red, green, pink, blue, purple and orange.

- SCF782/00 260ml 12m+ cup, red and green

# Soothing

## Help settle and soothe

Being a mom with a young baby is a great experience, but sometimes it can also be a challenging role. There could be moments your baby is not feeling at ease and is just not comfortable. Philips AVENT offers solutions that support you in comforting your baby.

“ My baby took the pacifier straight away and felt at ease. ”

## Orthodontic pacifiers

## Always there when you need it

With the Philips AVENT pacifier holder, the pacifier is always close to your baby and stays clean. The pacifier clip is designed for easy attachment and will not leave marks on your baby's clothes. Available in three fashionable colors.

## Pacifier clip

Easy to attach: extra wide opening of the clip for attaching easily to baby's clothes with one hand.

Gentle for clothes: clip doesn't leave marks on your baby's clothes.

Design: fits all pacifiers that have ring handles.

Available in pink, blue and green.

SCF185/00 assorted colors  
Pacifier not included

## Orthodontic pacifiers

All babies are unique and different and that is why we offer a wide range of pacifier sizes, shapes and colors that are suitable for various stages in your baby's development. Our orthodontic nipple is symmetrical shaped and respects the natural development of your baby's palette and teeth, even if the pacifier ends up upside down in the mouth. The Philips AVENT pacifiers are available in sizes ranging from 0 to 18 months.

## It's all in the details

Snap on hygienic cap to help keep your pacifiers clean

## Baby monitoring

### Always close to your baby

At Philips AVENT, we understand that caring for your baby's health and safety is one of the most important things you do as a parent. Nothing can prepare you for the intense bond you will have with your little one when they arrive and the overwhelming desire you will feel to care for and protect them.

Philips AVENT understands your needs and has developed a range of products to support you. Whether you want to check their temperature, create a calm and comfortable environment in the nursery or feel connected with them, even when you are not in the same room, Philips AVENT can help.

“ My baby loves the monitor's lullabies to fall asleep to and I love the ease of use and clarity of the sound. ”

## Baby monitoring you can rely on

Our next generation DECT baby monitors have an even further improved core functionality, giving the parent even more reassurance everything is safe and well in the baby room.

# Baby care

## Taking care of your little one

At Philips AVENT, we understand that you caring for your baby's health and well-being is one of the most important things you do as a parent. We understand your needs and have developed products to support you.

## Digital baby bath and room thermometer

It takes several months for your baby's body to learn to properly control its own temperature. As your baby's body starts to develop, keeping a close eye on the environmental temperature will help you know they are comfortable. The digital thermometer gives you a precise reading of the temperature in your baby's room. In addition, you can measure the temperature of baby's bath water, as this fun design thermometer also floats in water, and is perfectly safe for bath time play fun!

SCH550/20 Blue

SCH400/20

\*  $\pm 0,1$  °C between 35°C and 42°C at room temperature 22°C.

# Bags

## Philips AVENT changing bags give you a great reason to get out more!

Whatever your style, destination, or budget is, we have the perfect bag for you. Each bag is carefully designed for changing your baby while on the move. All Philips AVENT bags use the thermal efficiency of 3MThinsulate™ to keep two bottles or cups warm or cool for several hours.

So whether you are shopping, on a day trip, or heading away from home with your baby, a Philips AVENT Bag helps ensure you have everything you need to keep you and your little one comfortable. Plus, some of our bags are distinctly unisex in design, so even Dad won't mind being spotted with one!

## Thermabag

The Philips AVENT thermabag holds 2 Philips AVENT bottles, 2 toddler drinking cups or 4 storage cups. Its double insulation layer keeps milk cold or water hot for up to 4 hours. Lightweight, compact and convenient for travel with an adjustable shoulder strap.

SCD150/11 Mixed

- Wide adjustable shoulder strap for optimum carrying comfort
- Spacious, easy access interior and easy-close magnetic fastening
- Detachable pocket for personal items
- Includes laundry bag

Available in black and brown.

SCD148/60 Black  
SCD148/50 Brown

## Travelbag

For weekends away, sleepovers with grandparents or as a carry-on for air travel, this roomy bag comes complete with the following features:

- 3 easy access compartments ideal for storing clothes, food and changing items
- Personal items bag designed for safekeeping car keys and other personal items. This bag clips into the travelbag for security and easy access
- Shoulder handles and adjustable, detachable shoulder strap
- Includes laundry bag
- Includes separate insulated bag

Available in black.

SCD149/60 Black

## A solution for every stage with clever compatibility

Philips AVENT offer superior quality products designed with you and your baby's needs in mind. Our range of baby feeding products are compatible to cover all your needs, from pregnancy to playground.

If you are planning to breastfeed, our breast pumps attach directly to our bottles and storage cups so you can feed straight from the same container without the need to transfer the milk. When your baby is ready to drink independently, simply add the easy-grip handles and replace the nipple with a spout.

## Planning for your new arrival

The Philips AVENT shopping planner is designed to help make preparing easier. Personalize your selection to make sure whatever you choose is right for you.
