

# Our **pro-active solution** against xenon lamp piracy

# **COA:** Certificate of authenticity

Counterfeit Philips xenon lamps are becoming increasingly available through online and offline distribution channels.

These counterfeit lamps are poor imitations of inferior quality. Buying, selling or being in possession of counterfeit products is illegal.

To protect our customers and all consumers from counterfeit Philips lighting products, we've created a pro-active solution using unique, state-of-the-art technology.

Philips Certificate of Authenticity (COA) is available on every new xenon lamp package you order.

Using the Security code, as well as other special security elements, professionals can verify the authenticity of the Philips product on a dedicated, fully secure internet platform. Professionals can either scan the QR code or go to www.philips.com/original.

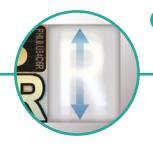

Always ensure that you are buying genuine Philips products.

## How does it work?

## Visual verification

The COA label is equipped with a moving single-digit code. Its vertical movement is visible when tilted under a strong light. It repeats the last digit of the security code.

- The security code is unique. It is different on every xenon product.
- The iridescent security code shimmers in rainbow colors under a strong light.

## Online verification

The ultimate verification process may be done rapidly online in just a few clicks. Using your mobile, your tablet or your computer, connect to **www.philips.com/original** and follow the simple instructions:

1/ Type in the unique security code.

#### 2/ Type in the label ID number.

Retype the code again to make sure it's been entered correctly. Additional rejection of code entry may indicate this product is counterfeit.

A **xenon lamp** is much more than just a lamp.

## A xenon lighting system is composed of:

- Xenon HID
   High Intensity discharge lamp
- Complex optical system
   with automatic level control and power-wash
   system
- · Electronic ballast and high-voltage starter

- Brilliant and powerful light projection
- Light color and intensity close to daylight
- Extra-long lifetime
- Low power consumption

## Replacing xenon lamps in 4 steps:

1

## **Preparation**

- Switch off the lights
- · Take out the fuse
- Disconnect the battery

2

## Disconnection and removal

- Take off the cover
- Take out the old lamp

3

## Replacement and reconnection

Put back the lamp

Always select the same lamp as that indicated in the car maintenance booklet (or the application guide).

## Check

4

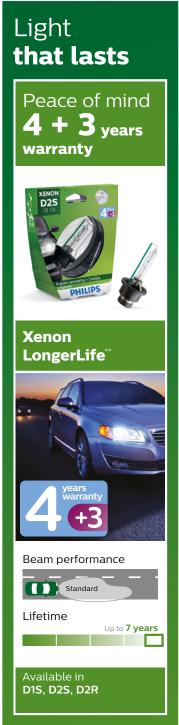

Make sure that the lamp is correctly installed before:

- Putting back the cover
- Reconnecting the battery
- Check that the lights operate correctly

# Which **xenon lamp** do you need?

<sup>\*</sup> Compared to the minimum legal standard (except for D2R that provides up to 20% more vision)

<sup>\*\*</sup> Not available in all countries, please contact your sales representative

## **Xenon Vision**

## Ideal for replacement

Philips Xenon Vision allows you to replace a single burned-out lamp while matching the color of the unchanged one. The Xenon Vision innovative replacement technology is the ideal economical solution for a single-lamp replacement.

## Xenon X-tremeVision gen2

## Experience more light

Philips Xenon X-tremeVision gen2 is the latest development in **Xenon technology**. It offers the **most powerful** beam with light emission pushed to the limit. This means outstanding light performance with a unique light setting for **optimal driving comfort**.

- Optimal light performance
- Up to 150% more vision\*
- Maximum safety and visibility
- Designed for demanding drivers

 $<sup>^*</sup>$ Compared to the minimum legal standard (except for D2R that provides up to 20% more vision).

## Xenon LongerLife

## Peace of mind with the longest guarantee

Equip your car with Philips Xenon LongerLife lamps and you can drive up to 7 years without the worry of lamp failures. Philips Xenon LongerLife lamps automatically come with a **4-year** warranty. Register your purchase online and you can extend this warranty by an extra 3 years.

## 3 years extra warranty for free in 3 simple steps

Register online at www.philips.com/xenonwarranty, within 30 days of purchase.

First, confirm you have a genuine product by checking the warranty COA code on the certificate of authenticity sticker.

Fill in your personal details, product, point of purchase and provide proof of purchase.

Finally, print and keep your 7-year warranty certificate together with your proof of purchase.

You can now drive worry-free for 7 years.

## Xenon WhiteVision gen2

## Ultimate white LED effect

Philips Xenon WhiteVision gen2 lamps create an intense white look of your car and produce brighter, homogeneous white light on the road. It is the perfect choice if you wish to mix and match xenon and LED lighting on your car.

- Intense homogeneous bright white light
- Perfect match with LED lighting on your car
- Up to 5 000 K white light on the road
- Up to 120% more vision\*
- 100% road legal

<sup>\*</sup> Compared to the minimum legal standard (except for D2R that provides up to 20% more vision).
